

Computer Science Plus

The same computer science degree, with twelve hours in an applied field of your own choosing.

FRESHMAN

FALL	14 hrs
4 CS 108 Introduction to Computing F,S	
4 MATH 161 Calculus: Modeling and Computation F,S	
0 CS 195 Introductory Computing Seminar F,S	
2 CORE 100 Community and Commitments	
4 World Languages 1 Waived with two years of high school language at B or better	

SPRING	15 hrs
4 CS 112 Introduction to Data Structures F,S	
2 MATH 251 Discrete Mathematics I S	
0 CS 195 Introductory Computing Seminar F,S	
4 ENGL 101 Foundational Writing	
4 World Languages 2	
1 Health and Movement 1	

SOPHOMORE

FALL	16 hrs
4 CS 212 Data Structures and Algorithms F	
4 DATA 202 Introduction to Machine Learning F	
4 Your applied field Twelve hours in total	
0 CS 195 Introductory Computing Seminar F,S	
4 Christian Foundations 1	

SPRING	16 hrs
4 CS 214 Programming Language Concepts S	
2 MATH 252 Discrete Mathematics II S needs MATH 251	
4 STAT 243 Statistics S	
4 Core course Arts and Rhetoric	
2 Christian Foundations 2	

JUNIOR

FALL	16 hrs
4 CS 262 Software Engineering F needs junior standing	
4 ENGR 220 Introduction to Computer Architecture F	
4 Your applied field	
0 CS 295 Computing Seminar F,S	
4 Core course Knowledge and Understanding	

SPRING	15 hrs
4 CS 232 Operating Systems and Networking S	
4 CS elective Six hours in total	
0 CS 295 Computing Seminar F,S	
1 Health and Movement 2	
4 Core course Knowledge and Understanding	
2 Elective	

SENIOR

FALL	16 hrs
2 CS 396 Senior Project, or CS 383 Practicum F	
0 CS 295 Computing Seminar F,S	
4 Your applied field	
4 Core course Knowledge and Understanding	
4 Elective	
2 Elective	

SPRING	16 hrs
2 CS 398 Senior Project in Computing II S	
4 CS 384 Perspectives on Computing S	
2 CS elective	
4 Elective	
4 Elective	

F offered in the autumn S offered in the spring · a full-time semester is about 16 hours
This is one way through the degree. Your adviser will build yours with you.
